SITUATION UNCHANGED.

Street Car Strike Still On and Sympathetic Strike the Topic.

St. Louis, May 19.—The street railway strike situation is without material change so far as the number of cars in operation are concerned. The St. Louis Transit company has in operation 14 of 22 lines composing the system—about 150 cars. Before the strike the company had 800 cars in operation. It is declared by the street car officials that lack of protection of the street car lines is one cause of this condition and another cause assigned is that the company has not enough men with which to operate more.

During the past few days interference by mobs became so general and casualties reported so many that it is stated the city authorities will arm police officers guarding cars with shotguns. They will be instructed to fire into mobs which attempt to interfere with the running of cars or with the crew in the discharge of their duty.

So far nearly 70 employees of the Transit company, mostly motormen, have been under the surgeon's care since the strike began. Most of the injuries are cuts and bruises but not of a serious nature. In many of the sheds and power houses of the St. Louis Transit company hospitals have been established and employees injured during the strike encounters have been received at almost all of them.

The action of the trades and labor union Friday night in adopting resolution recommending labor unionists to quit work on call from the executive committee of that body has put a different aspect on the affairs and complicated matters. It remains to be seen, however, how many of the different unions will order a sympathetic strike. Such union must settle the matter for itself by three-fourths vote. It is asserted at least two unions will not go out. These are the typographical and the pressmen's organizations.

On complaint of Postmaster Baunhoff and other employees of the postoffice department the United States district attorney appeared before Judge Elmer Adams of the United States district court and asked for an injunction restraining the strikers from interfering with the operation of mail cars over the tracks of the St. Louis Transit company.

President W. G. Mahoney of the International Amalgamated Association of Street Railway Employees, Chairman Mack Missick of the executive committee of the local Street Railway union, National Organizer Harry Bryant of the St. Louis Railway Employees' union and 47 others are named in the petition for the injunction.

Judge Adams has taken it under advisement and in the meantime asks for additional affidavits of the postal employees as to the interference with cars.

SYMPATHETIC STRIKE.

Labor Unions to Take a Hand in the St. Louis Streetcar Strike.

St. Louis, May 19.—At a meeting of 100 heads of labor unions called Friday night it was resolved at 1 o'clock this morning to recommend to the controlling central bodies that a sympathetic strike be inaugurated of all the labor unions in St. Louis.

All negotiations between the strikers and the St. Louis Transit company have been terminated for the present at least. Those in position to know say it does not seem likely that another meeting will be held between the strikers and the Transit company until one side or the other has a new proposition to make. Nothing has been changed in the clause relating to the reinstatement of the men and the strike probably will continue until an amicable proposition is reached or until one side recedes from its position. The strikers declare they will hold out until they are promised reinstatement in the positions held prior to the strike.

President Whittaker of the Transit company insists that he will never consent to the discharge of the men who were employed to take the places of the strikers.

There were two serious disturbances last night. The first was caused by John Kenna, a drunken saloon keeper. He attempted to shoot a conductor, but missed his mark. Officer Hollingsworth took up the shooting and seriously wounded Kenna. Kenna emptied his pistol slightly wounding the officer and a negro.

Another disturbance occurred in which Patrolman Barton was slightly wounded in the head.

The house of delegates at its meeting passed the Kelly ordinance annulling the franchise of all the street car companies in St. Louis unless they run their cars in compliance with the terms of the city ordinances.

Maginnis' Commission Signed.

Helena, Mont., May 19.—Governor Smith reached Helena early today and at once affixed his signature to the commission of Major Martin Maginnis, who will leave at once for Washington and present it to the senate. Concerning the appointment Governor Smith said:

"If the senate adopts the committee

resolutions and decides that Clark was never legally elected and had nothing to resign, then my appointment of Major Maginnis may not be recognized."

Condemned Man Attempts Suicide.

Albuquerque, N. M., May 19.—Jose P. Ruiz, the condemned murderer to be hanged at the county jail in two weeks, attempted suicide by taking an overdose of morphine. The drug was given him by a fellow prisoner. Physicians worked with the doomed man for two hours and succeeded in saving his life.

MILLS MAKING MONEY

Three Make Handsome Dividends on
Amounts Invested.

MUCH IMPROVEMENT.

Various Accounts of Enlargements to
Old Established Mills and Other
Mills on Foot Throughout
the Southern States.

Baltimore, May 13.—The recent months have been full of developments in the southern cotton mill fields. Typical of the general manifestations are facts set forth about the mills in Spartanburg county, South Carolina, by Mr. Jesse Cleveland of Spartanburg in a letter to the Manufacturers' Record. He writes: "The Clifton mills and those of the D. E. Converse company of this county, have just declared an extra two per cent dividend, payable at once, and the usual five per cent for July and five per cent for January next. The Clifton mills on a capital of \$1,000,000 made something more than \$400,000. The Converse company made \$70,000 on \$300,000. The Laurens cotton mills netted \$171,000 on a capital of \$350,000. In Spartanburg county the cotton mills, banks and railroads pay more than 51 per cent of the entire taxes."

Among the textile announcements is the completion of the plans for the Walton Cotton Mills at Monroe, Ga. The company, which has been incorporated with a capital stock of \$75,000 and the privilege of increasing it to \$250,000, has contracted for 3300 spindles, 100 looms and complimentary apparatus for the production of standard sheetings, drills and duck. The buildings will accommodate 5000 spindles and the plant will have sufficient power to operate 10,000 spindles ultimately.

The Barnwell County Cotton Mill of Barnwell, S. C., will have 6000 spindles. It is proposed to enlist for the erection of the plant local capital entirely, especially from cotton planters.

Buildings have been secured at Front Royal, Va., for a \$30,000 plant for the manufacture of tapestry and similar fabrics to employ about 100 persons.

An increase of capital stock for the enlargement of the plant of the Ashby Cotton Mills of Marion, S. C., which already has 2642 spindles and 121 looms.

The erection of a knitting mill 40x90 feet for the production of hosiery to employ negro labor entirely at Scotland Neck, N. C.

The subscription of \$55,000 and the appointment of a committee to secure a site and purchase machinery for a cotton factory at Louisville, Ga.

Organization of the Century Cotton Mills for South Boston, Va., for the operation of which water power is to be developed.

The subscription of \$100,000 for the erection of a cotton mill at Covington, Ga.

Plans for the erection at Baton Rouge, La., of a mill for the manufacture of cotton rope, fish line and backband webbing.

To Build a \$30,000 Gin.

Palmer, Tex., May 19.—Ground has been broken for the big Palmer Gin company, which is to be a 3-story brick building at a cost of \$30,000.

Passenger Engine Blown Up.

Centralia, Ill., May 19.—Engineer Thomas Prickett and Fireman John Wright, both residents of Centralia, were killed at Dubois, a small station on the Illinois Central, south of this city, by the boiler of the engine pulling the Chicago and New Orleans passenger train exploding with terrific effect. The engine was thrown higher than the tree tops and fell 115 feet from the engine. The fireman was thrown 50 feet in the opposite direction. The boiler was hurled 400 feet from the spot where it left the trucks, and tore up a hole as big as a house. A number section men had taken shelter from a passing shower in box cars on the siding within a few feet of where the explosion took place, and eight of them were badly scalded. Three of them will die.

Admiral Pasha Arrives.

New York, May 19.—Admiral Ahmed Pasha, of Turkey, arrived here on the Hamburg-American steamship Auguste Victoria. It has been repeatedly announced that he would visit Washington for the purpose of arranging for the settlement for the claims for \$100,000, growing out of the destruction of the property of American missionaries in Turkey. According to some accounts he is expected to compromise the claims of the missionaries under cover of the purchase of a warship for Turkey while in the United States. Ahmed Pasha left the steamer in company with two men, one of whom is believed to be the Turkish consul in this city.

Clark's Gift to His Daughter.

New York, May 19.—It is now announced that Senator Clark will give his daughter, Miss Katharine Clark, jewels valued at \$85,000 upon the occasion of her marriage to Dr. Lewis Ruthertford Morris. Six thousand wedding invitations will be issued and it is said that the total cost of the wedding will be at least \$125,000.

Requisition Honored.

Austin, May 19.—Governor Sayers has honored the requisition of the governor of Alabama for Henry Burgen who is wanted at Birmingham, Ala., to answer to the charge of seduction. He is in jail at Houston.

PLAGUE AT SAN FRANCISCO.

Board of Health Declares Six Deaths Have Occurred There.

San Francisco, May 19.—The board of health has adopted a resolution declaring that the bubonic plague exists in San Francisco. The health authorities say that while no living cases are here there have been six deaths during the past three months, and they have decided to take precautions against development and spread of the disease.

Ordered to San Francisco.

Chicago, May 19.—Assistant Surgeon A. S. Lloyd, of the United States Marine hospital here has been ordered to San Francisco to assist in the work of preventing the spread of the bubonic plague. Assistant Surgeon Ames of Detroit, has left Detroit for Honolulu on a similar mission.

KILLED IN MEXICO.

One Stockman Shoots to Death Another at Nueva Casas Grandes.

El Paso, Tex., May 19.—Nueva Casas Grandes, Mex., 169 miles southwest of El Paso, was the scene of a fatal tragedy at 5 o'clock this morning.

A train of cattle was being loaded Friday night. Bob Lee, a prominent cattleman, and a saloonkeeper had a dispute with another cattleman, named Wilson, who is said to have declared he would kill Lee. He entered Lee's tent, the latter being asleep, and Wilson cocked a loaded Winchester and punched Lee in the ribs with the muzzle to wake him. The latter sprang up and with the quickness of a Texas frontiersman, whipped out a 6-shooter from his pillow, fired three shots into Wilson, killing him before he could fire. Lee immediately surrendered to the Mexican authorities and acquittal is looked for.

Father of Forty-One Children.

Killingly, Conn., May 19.—Levi Bresson of Foster, R. I., became the father of his forty-first child, all of whom are boys. Thirty-six of the children are living. The first Mrs. Bresson gave birth to seven pair of twins. Mrs. Bresson No. 2 was the mother of three sets of triplets, one pair of twins and two other children. Bresson's third and present wife has borne one pair of twins and twelve single children. Bresson is 65 years old.

Hunt Secretary of State.

Washington, May 19.—William H. Hunt of Montana, has been selected to be secretary of state for the island of Puerto Rico. Mr. Hunt was recently appointed agent for the United States government before Chilean claims commission, a position which he vacates to accept this last appointment. He is son of late Secretary Hunt and a lawyer of high standing in his state.

Clark Case Goes Over.

Washington, May 19.—The resolution in the Montana senatorial case was laid before the senate this morning and on motion of Mr. Chandler went over until Monday. By a vote of 32 to 16 the Hoar amendment and the committee amendment to the bill relating to the pneumatic tube service was laid on the table. This beats the pneumatic tube proposition.

Bradley Not a Candidate.

Frankfort, Ky., May 19.—Ex-Gov. W. O. Bradley gave out the statement here that he would not be a candidate for governor in the event the supreme court decides in favor of the Democrats in contest cases, necessitating an election this fall. "I would not be eligible," said he, but even if I were I would not accept the nomination."

Elevator and Wheat Burned.

Carlyle, Ill., May 19.—The large grain elevator of Frank Schmidt, at Huey, four miles east of here, was totally consumed by fire, together with about 15,000 bushels of wheat. The loss will reach \$13,000, insurance about \$7000.

Murder and Suicide.

Kansas City, May 19.—Actuated by jealousy, William Vouwie, a dairyman, shot and seriously wounded his wife and then killed himself. His wife is in a critical condition.

NEWS IN BRIEF.

FOR SECOND PLACE.

George B. McClellan Brought Out for
Bryan's Running Mate.

Washington, May 19.—A meeting of the friends of Congressman George B. McClellan, son of "Little Mac," the former Federal general, who was the Democratic candidate for president in 1864, was held in Washington Friday night for the purpose of urging the nomination of Congressman George B. McClellan for second place on the ticket with Bryan.

It was urged that Mr. McClellan is the best man to strengthen the Democratic ticket in those sections of the country where Mr. Bryan is weak for the reason that he commands the very fullest confidence of the conservative New York Democracy inasmuch as during his campaigns for congress in 1896 and 1898 when a candidate for congress he did not go on record either for or against the Chicago platform. Representative Stallings of Alabama was selected to make a statement of Mr. McClellan's candidacy. He said in an interview at the conclusion of the conference.

"It is probable that while the platform will contain a reaffirmation of that adopted at Chicago in 1896, the leading issues of the moment will be given a prominent place, namely, imperialism, trusts and militarism. The platform will unquestionably be of such a nature as all Democrats would be able to heartily endorse and enthusiastically support.

"The national leaders of the Democratic party have been giving a great deal of thought as to the selection for the second place upon the national ticket. The candidate for vice president should be a conservative man, coming from a doubtful state that can be carried by the Democracy. An analysis of conditions in all the possibly doubtful states shows that the candidate must be nominated who is strongest in New York if we are to hope for success.

"It is useless to think of electing a Democratic president without the 36 electoral votes of the state of New York."

"Conservative Democratic leaders have been carefully canvassing the present situation and have agreed that the most available man for second place upon the ticket is Representative George McClellan of New York."

WHIPPED THE WOMAN.

A Wife Lashes Her Husband's Companion and Forgives Him.

Hot Springs, Ark., May 19.—A cowhiding affair, with both ludicrous and touching elements, occurred on Central avenue, the main thoroughfare of Hot Springs. The business houses were being opened when a well dressed man and a dashing woman walked up the street, apparently well pleased with each other. Suddenly they were halted by a refined looking woman about 25 years of age. Her face was flushed and she was apparently laboring under intense excitement. Before the man and his companion had time to utter a word the aggrieved woman said:

"You are a nice husband; but I don't blame you. I know it's all that hussy's fault."

Then she drew a cowhide from the folds of her dress and began to belabor her husband's companion. The blows fell thick and fast. The husband stood dumfounded, making no effort to interfere. After begging for mercy and standing the punishment as long as possible, the assaulted woman ran away. Before she had gone 20 yards the wife threw herself on her husband's neck and kissed him rapturously, telling him she would forgive everything.

He is a traveling man and became enamored of the woman while on the road. His wife learned of his infatuation and tracked the pair to Hot Springs. No arrests were made.

HELD IN CONTEMPT.

Two Men So Condemned for Interfering in the Little Rock Strike.

Little Rock, May 19.—In the United States district court here yesterday Judge John A. Williams imposed jail sentences of six months and 30 days upon Guy Miller and Alden Hayes for contempt of court in boarding a streetcar and interfering with the nonunion motorman and conductor who are employees of the court's receiver now operating the street car system. It was contended by the defense that the motorman and conductor were not on duty at the time but the court held that it made no difference and that the receivers employees as such are entitled to the protection of the court at all times. The court further declared that the use of the term "scab" as applied to nonunion employees who are under the court's protection, was in itself very near contempt and must be stopped.

ANOTHER SENATOR.

Governor Smith Declares Clark's Appointment Illegal.

Butte, Mont., May 19 — Governor Smith Friday sent telegrams to Senator W. A. Clark, Senator Chandler, chairman of the committee on privileges and elections, and Senator Frye, president of the senate, saying he had disregarded and revoked the action of Lieutenant Governor Spriggs in naming Mr. Clark to succeed to the vacancy caused by his own resignation and saying that he had named Martin Maginnis to fill the vacancy. The governor gives as his reasons his opinion that the appointment of Mr. Clark by the lieutenant governor was tainted by collusion and fraud.

The governor has also issued an open letter to the people of the state denying that he had any knowledge of the contemplated step when he left Montana for California.

RELIEF OF MAKEKING.

All London Goes Wild Over the Report from Pretoria.

IS NOT YET OFFICIAL

Colonel Baden-Powell's Brother Received the News from a Dutch Friend—End of the War Seems Close at Hand.

London, May 19.—London's millions spent half the night in the street and even at 4 o'clock this morning hundreds of young men were promonading, singing and cheering and there were crowds in front of the Mansion House, Marlborough House, the clubs on Pall Mall and war office and in parliament square, waving flags and joining in the national airs.

This sustained bellowing and uproar of hundreds of thousands amazes the Englishman who ceases for a moment to be an actor and becomes merely an observer. Sober, phlegmatic London was beside itself with emotion. Gusts of patriotism have set the town quivering twice or thrice before during the war, but nothing has quite equalled last night's hundreds of square miles of almost furious demonstrations. It was a curious thing for the onlooker to see solemn, gray haired men toss their hats into the air and join in the hurricane of cheers when a wreath-crowned banner, with the portrait of Colonel Baden-Powell on it, was borne along Piccadilly.

It was all brought about by a 20-word telegram from Pretoria that Makefing had been relieved. Although the government has not a word, and although nothing confirmatory has been received from any African source except Pretoria, nobody appeared to question the news.

Colonel Baden-Powell's brother in London had received a telegram from a Dutch friend in Pretoria saying that Makefing had been relieved.

There was a lack of pyrotechnical glare, but every cabby and every busman in London had a union jack on his whip and the stars and stripes were by no means lacking. Patrons of four-wheelers were not content to ride inside the vehicles and the tops were crowded with flagwaving, cheering, sprawling enthusiasts.

At Carlton House, which is filled with Americans, the bands played "Marching Through Georgia," which has been recently adapted to the English song entitled "Marching to Pretoria." "Dixie" and other American airs were played. Ten thousand people stood in front of Mrs. Baden-Powell's house in St. George's Place, cheering and singing, and a score of cabs brought congratulations.

In unrestrained jubilation the provinces were not behind the metropolis. Although London had the start by a few minutes, the great industrial surrounding towns soon burst into patriotic demonstrations. Bells clashed in their steeples; village bands turned out and people gathered in the squares to chant fervidly "God Save the Queen."

From all parts of the empire came the same story. Bombay, Hong Kong, Columbia and the Australian cities are rejoicing. Continental cities, as the press telegrams abundantly testify, received the news sadly.

The relief of Makefing has had the effect of suspending for a moment interest in the operations elsewhere in the field of war. Nevertheless important official announcements are made.

In Kroonstadt it is said that President Kruger will surrender when Roberts crosses the Transvaal border.

General Roberts is accumulating immense quantities of supplies and the preparations of another movement are well advanced. The next step will be Johannesburg. Two thousand men are working on the railway at Valsch river. There are 12,000 Boers at Rhenoster Spruit. Reconnoitering parties are sighted daily by the British patrols.

The Boers dynamited Laings Nek tunnel, and the railway is completely wrecked. The work of repairing it will occupy many weeks. The Boers now hold the best positions for defending the pass.

New British Cruiser Launched.

Glasgow, May 19.—The Fairfield Ship-building company launched the British first class armored cruiser Aboukir. She is 440 feet in length and has a displacement of 12,000 tons. Her engines are expected to develop 21,000 horse power under natural draught, and her guaranteed speed is 21 knots per hour. She is fitted with 30 Belleville boilers and her armor plates are of a specially hardened steel. She will carry a crew of 750.

Head Blown Off.

Davilla, Tex., May 19.—A telephone message from Lidac, five miles east of this place, states that D. S. Cullan, a highly respected citizen of that place, was found by his little son at his barn with the top of his head blown off and a double barreled shotgun lying by his side. He leaves an invalid wife and two or three children.

Studying the Boll Weevil.

Corpus Christi, Tex., May 19.—Norman Bailey, sent to this section by the government to collect specimens of insects, has left for California. While here he gave particular attention to the boll weevil, the curse of the cotton planter. The government will exert every effort to annihilate that pest.

OLD WAR CLAIMS.

The Senate Allows Various Sums for Losses in the Civil War.

Washington, May 19.—For the first time since the rebellion, the house yesterday passed a measure to pay Confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox of Tennessee to pay the Confederate soldiers who surrendered at Appomattox for loss of horses and other personal effects taken from them in Lee's capitulation to Grant by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried \$200,000, but the specific sum was stricken out and the appropriation was made indefinite.

The bill was passed out of its order as a special compliment to Mr. Cox, who after 10 year's service in the house is to retire at the end of his present term. Under the rules the day was devoted to the consideration of bills reported by the committee on war claims. Among the bills passed were:

To pay Rev. W. T. McElroy \$3265 for rent of building at Louisville, Ky.

To pay the trustees of Carson Newman college at Mosey Creek, Tenn., \$8000 for the use of its buildings during the war.

To pay the heirs of T. W. Wilson of Corinth, Miss., \$4419 for property taken during the civil war.

To pay A. T. Hensley of Lavaca, Tex., \$5359 for services to the United States.

To pay the trustees of Holston seminary, Newmarket, Tenn., \$3000.

To pay Robert Small, formerly representative from South Carolina, \$5000 for services in taking the steamer Planter safely out of Charleston harbor Dec. 1, 1863.

To refer the claims of Chalkley Good, of Statesville, N. C., amounting to \$30,000; of Mary C. Gray of Madison county Mississippi \$15,000; of W. W. Danton of Hines county Mississippi \$80,000 and of R. A. Shellhouse of Iowa, \$800 to the court of claims.

Nearly the entire day in the senate was devoted to the pneumatic tube system service in the postoffice appropriation bill.

Senator Morgan introduced a resolution to investigate the Panama Canal company, and in a speech severely criticised that company.

Senator McCumber made a speech in favor of the retention of the Philippines, during which Senator Tillman took issue with him over an assertion that the people of the south were glad the Confederacy was unsuccessful.

Imperialism, Trusts and Money.

Toledo, O., May 19.—Hon. C. A. Towne of Minnesota and General E. T. Corser, national treasurer of the silver Republicans, were here Friday in conference with silver leaders in discussing plans to send a silver delegation to the Kansas City convention. Mr. Towne said:

"I am not a Populist, neither is Mr. Bryan. That party in the interest of reform, went outside itself to get candidates. Imperialism will be the first issue, then the trusts, then the monetary question."

Shot by Mistake.

Ardmore, I. T., May 19.—James Levering was shot and instantly killed near Lone Grove by an officer who was watching for a prisoner who had been arrested, but who had been released, it is said, by parties overpowering the officer on the previous night Levering emerged from a house and was called upon to halt. It is claimed that he made a demonstration and was shot, the officer mistaking him for the party wanted. Deceased was a well-to-do farmer and leaves a family. Deputy Marshal Robert Cummings surrendered to Marshal Hammer.

Believed to Be Murder.

Memphis, May 19.—The dead bodies of Henry Reichmann of Memphis and Mrs. Lilly Hadakin, wife of a newspaper man of Forest City, Ark., were found in the woman's apartment on Jefferson avenue. Reichmann had been shot three times while the woman's body received one shot. The affair is shrouded in mystery. It is believed to be a case of murder.

Farmer's Narrow Escape.

Stillwater, O. T., May 19.—S. W. Vermillion was plowing on his farm, eight miles south of here Thursday during a storm, when lightning struck the three horses he was driving, killing all of them instantly, wrecking the plow and rendering him unconscious for hours. He has gradually recovered, although badly bruised up.

Indicted for Negligence.

Sherman, Tex., May 19.—J. D. Hurd and S. H. Daniels were arrested here upon indictments charging them with negligently permitting prisoners to escape. They were admitted to bond in the sum of \$300 each. They were guards at a detention camp from which quite a number of prisoners escaped.

Stages Held Up.

Stockton, Cal., May 19.—Both the Yosemite Valley's stages, one going each way, were held up Thursday night by a lone highman at Big Neck flat. About \$200 was secured from the passengers. The Wells-Fargo treasure boxes were not touched. The passengers only were molested.

Itasca Orders Machinery.

Itasca, Tex., May 19.—The Itasca Cotton Manufacturing company closed a contract for all textile machinery, except looms. Machinery was bought for a 5000-spindle plant. The company has also closed a contract for brick for the building.

Appointed Commissioner.

Denison, Tex., May 19.—Major Henry M. Tate has been appointed United States commissioner for the new Wewoka, I. T., court district.

SOME ONE HAS SAID

"In time of peace prepare for war,"

So, too, when well prepare for sickness. The rainy season and hot weather is always followed by a train of diseases, so look over your medicine chest and let us sort it up for you with all the best and most seasonable goods of our make, as well as others.

Our PRESCRIPTION DEPARTMENT

is second to none, as we use only such drugs in compounding your prescription as we would in one intended for our own household. Remember "Reads Black Capsules" the ideal Liver purgative.

DO YOU SEW ?

A little work can be done so easily and elegantly on a

SINGER Sewing Machine

that you will find it a pleasure. If you do lots of sewing, you cannot at all afford to use the old heavy, awkward machines. THE SINGER has a shorter movement, shorter needle, and faster feed than any other.

The best Material

is used in the making of the SINGER, and it outlasts them all. The best attachments that do the finest work. This is why

Business is Rushing

and I am selling lots of them.

The Lock Stitch Drop Head,

The Singer Automatic Drop Head,

Each the finest of its kind. The New Drop Head Automatic would interest you sure. Its doubtless the finest piece of machinery you ever saw. Ask me about it.
